

# Queensgate Primary School

## Home Learning

**Out:** Tuesday 8th October 2019  
**Due Back:** Monday 14th October 2019

### My Weekly Home Learning Tasks

Evidence suggests that at primary school level there are two things which make the greatest difference to your attainment linked to home learning:

1. Reading regularly with an adult and discussing what you have read
2. Regular times table practice

**Reading** is the one key skill that will make a difference in **your life**. You should be aiming to read your **library book** with your parents **every day**.

At Queensgate, we are trying to promote the idea of reading for pleasure. You are expected to read at least 3 times per week with an adult and this must be recorded in your planner.

### Spelling Shed

**Spelling Shed** - login and go into Stage 3 and 4. This is where we should be. You can recap your Stage 1 and 2 spellings, too.

**Spellings/Handwriting**  
**You MUST learn this week's spellings. On Tuesdays, I will test you on these words by dictating sentences.**

### TIMES TABLES ROCKSTARS

At the end of Year 4, In June 2020, you will take an online timed times tables check.

[Test Yourself here.](#)

**TT Rockstars** - You should be going on everyday (it doesn't need to be more than 3 mins!)

### + My Home Learning PLUS +

#### Topic

##### To use historical knowledge to reach a conclusion

Evidence suggests Mesolithic people moved around from place to place, following food. However, Howick Mesolithic House suggests they may have lived a much more settled life.

**Task:** Can you research Howick House and produce a report for your class?

This work will go in your Topic Book so please focus on presentation. You may use pencil, coloured pencils, illustrations and pictures from the internet.

#### Success Criteria:

- Heading
- Subheadings
- When was it discovered?
- How was it discovered?
- Where is Howick House?
- When was it originally built?
- How was it made?
- What does this house tell us about how some Mesolithic people lived?
- Any other facts could go under a 'Did you know?' subheading.

Thank you  
 Year 3  
 Mr Berger-North

You could set out your Howick 'Mesolithic' House research like this example:

To use historical knowledge to reach a conclusion.

Howick Mesolithic house  
Britain's first home

When was it discovered?

How was it discovered?

When was it originally built?

Where is Howick House?

How was Howick house built?

How did some mesolithic people live?

Did you know?

## Frequently asked questions:

### Do I complete home learning in pencil or pen?

Pencil please. When appropriate, use colouring pencils, too.

### How long should home learning take?

Should not take more than one hour in total.

If you have any difficulties with home learning or if it seems to be taking rather a long time to complete, then you should stop. Your parents may want to put a note on the piece of work to say that you have done your best.

**Learning theme**  
Place value

**Represent 3 digit numbers in different ways**  
How many ways can we represent 138?

**Base 10 dienes**  
Part whole model

**Counters on place value grid**

**Words** One hundred and thirty-eight

**Today's learning**  
To find 10 or 100 more/less than a given number

Add 10 to the following number. Then subtract from it.

263

Less than  
HTO  
253

More than
