Home Learning - Week beginning 30th March 2020

Hello Year 4. How are you all? Mrs Lee and Mrs Bowman have been thinking about you all week and we are missing you!

We hope you have had a good week that has involved lots of outside fun with your families and that you have enjoyed the fabulous sunshine.

We know many of you have been accessing the blog and carrying out the learning tasks. Here are some for this week which we would like you to explore.

Remember you don't have to do everything, parents are very busy too!

Every week you will be able to access the learning tasks from the previous weeks.

NEW!

Here is a link to a Padlet which shares lots of online opportunities for you to explore each day.

English Tasks

READTHEORY Reading and Writing, Improved.

1. Access your Read theory account and carry out the reading tasks and comprehension questions

2. Start each day with a weird, wonderful and/or thought provoking image that will inspire you to write creatively. Answer the questions underneath the image; improve the 'sick' sentences that are given — a quick, simple and fun way to cover that grammar, punctuation or spelling objective; attack the sentence challenge either as revision for what you have been learning in school and to finish with, create a short/extended story using the story starter provided.
 - Story starter task
 - Sentence challenge!
 - Question Time!
 - Sick sentences
3. Start a diary of your experiences throughout this unprecedented time. It's a great idea for many reasons. This is a historic moment that, in years to come, will be studied and discussed in great depth. Remember that a diary is written in the first person and uses an informal tone. It recounts all the details of a specific day and time. It would be great if you could do this in either a notebook or using an online format so that it can be saved and referred to in years to come.
