

Queensgate Primary School

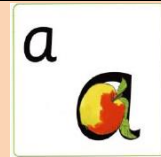

Home Learning

Below you will find the areas to focus on with your child this week. The children will have already been taught the sounds, tricky words and numbers below so this is an opportunity for them to consolidate and apply their learning. Please also remember to read regularly with your child at home and access the suggested websites for more activities for you to do at home.

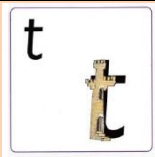

Sounds of the week

a t

Around the apple
and down the
leaf.

Down the tower,
across the tower.

Can your child think of any words that begin with these sounds? What about words that end with these sounds? Can they use these sounds in blending and segmenting activities? For example, if you say the sounds 'a-n-t', can they reply with 'ant'? If you give them the word 'tap', can they reply by sound talking 't-a-p'? In blending and segmenting activities we only work with 2 or 3 letter words that are all phonetically decodable. Have a go at writing these sounds using the rhymes, 'around the apple, down the leaf' and 'down the tower, across the tower'.

Tricky word

no

Can your child read this tricky word from our Tricky Word Train? Can they tell you what is tricky about the word? Can they say a sentence containing this tricky word? Perhaps they could have a go at writing it? (Remember that nice pencil grip) Can they spot the tricky word in books, stories online or in print in the environment?

Number of the week

5 five

Can your child identify this number? Can they count out the correct number of objects? Can they count on and back from this number? Can they tell you what comes before or after this number on a number line? Can they find this number in the environment? What else can they tell you about this number?

ILD task

This week our area of learning is...

Expressive Arts and Design: Dance

Can you get moving this week?! Try dancing to favourite songs or have a look at the many dance videos available on YouTube. Some of our favourites in Nursery are Go Noodle - Banana, Banana, Meatball, Just Dance - Waka Waka and Baby Shark. Can your child move in response to the music?

Please take a picture of your child completing the task above and upload it onto the ILD. It would be great if you could please write a comment explaining what they were able to do and, especially note down any comments that they said during the activity.

Useful Websites

Just click on the images below to take you to the following websites...

Fun Maths activities to try at home accompanied by explanatory videos.

A fantastic range of resources to support all areas of learning and they are currently free. PowerPoints can be downloaded and many resources can be printed for use at home.

Free eBooks for your child to read at home.

Fun, interactive, online phonics games to help your child review the sounds and tricky words that they have learnt. This is also currently free.

A variety of online activities and games for all age groups.

A collection of fun activities / ideas to do at home to give you some inspiration if needed!

If you are on Instagram or Facebook the Play Hooray account does a live play-a-long every weekday at 10am for children aged 1 - 5 and has lots of ideas to get you playing with things you can find around the house!
