

# Queensgate Primary School

## Home Learning

Below you will find the areas to focus on with your child this week. The children will have already been taught the sounds, tricky words and numbers below so this is an opportunity for them to consolidate their learning. Please also remember to read regularly with your child at home and access the suggested websites for more activities for you to do at home.

### Sounds of the week

Mrs Aitken's  
Group

or (fork)  
ur (burn)

Miss Sutherland's  
Group

ng (sing)  
ai (rain)

Miss White /  
Mrs Heath's Group

p (pat)  
i (ink)

Can your child think of any words that have these sounds in? Can they write a list of the words containing these sounds or write some sentences with these sounds in?

Each week your child will now be set a challenge on Spelling Shed linked to our Sounds of the Week. Please encourage them to log on each week to complete their task.

### Tricky words

be

was

Can your child read and write these tricky words? Can they tell you what is tricky about the word? Can they say a sentence containing one or more of these tricky words? Perhaps they could write a sentence with these tricky words in? Can they spot the tricky words in books, stories online or in print in the environment?

## Number of the week

14 fourteen

Can your child identify this number? Can they count out the correct number of objects? Can they count on/back from this number? Can they tell you one more/one less or ten more/ten less? Can they find this number in the environment? How many different ways can they add together 2, 3 or 4 numbers to total this amount? Can they make this amount using coins? Which number, when doubled, totals 14?

## ILD task

This week our area of learning is....

## Expressive Arts and Design

I thought it might be fun to get creative this week! Why not have a go at drawing or painting your own spring picture or use some junk modelling to make your own creation. I have uploaded some documents onto the blog that you might want to use and here are some ideas for inspiration! Enjoy!

Please take a picture / video of your child completing the task above and upload it onto the ILD. It would be great if you could please write a comment explaining what they were able to do and / or comments that they said during the activity.

## Tales Toolkit

Character

Setting

Problem

Solution

Well done to everyone who has been busy writing their own Tales Toolkit stories! This week, I have chosen a character for you to write a story about. Can you write your own story about the Easter bunny? Remember to use your High Five when writing.

I have saved the same 3 different writing frames on this week's blog for you to print off and use at home depending on how much your child would like to write. Don't worry if you don't have a printer, the children often create their own writing frames by drawing the symbols on a blank piece of paper. Please upload a photo of your child's story onto the ILD.

## Hello from Chester and Ben!

Chester and Ben had a lovely Easter. They enjoyed going on an Easter egg hunt and eating lots of chocolate! They are both missing seeing you every day and look forward to lots of hugs from you soon.

## Useful Websites

Just click on the images below to take you to the following websites

Fun Maths activities to try at home accompanied by explanatory videos.

A range of online activities and games to try at home. Children's log in details can be found in the back of their reading records.

A range of reading and writing activities to try at home. Children's log in details can be found in the back of their reading records.

A fantastic range of resources to support all areas of learning and they are currently free. PowerPoints can be downloaded and many resources can be printed for use at home.

Free eBooks for your child to read at home.

Fun, interactive, online phonics games to help your child review the sounds and tricky words that they have learnt. This is also currently free.

A variety of online activities and games for all age groups.

A collection of fun activities / ideas to do at home to give you some inspiration if needed!

A fun, interactive phonics game! The children create their own monster who they then teach to read whilst adventuring around a magical world. The game is free on a computer and there is an app available to purchase.
